Therapeutic wound cleansing

Clean, moisten and decontaminate with Prontosan® Wound Irrigation Solution

Prevention

Help to prevent with Prontosan® Wound Gel / Gel X

Treatment

Treat with Askina® Calgitrol® Ag+ / Paste

Increasing microbial burden in the wound

Contamination → Colonisation → Local infection covert / overt → Spreading infection → Systematic infection

Source: *The use of Prontosan and Askina does not replace the need for systemic or other specific infection treatment.
